Full product description

Extralink Home Love Mug in the Shape of a Heart with a Double Wall - 250 ml.

Heart-shaped mug with a double wall is an ideal choice that combines aesthetics, functionality and durability. Thanks to its unique design, the drinks served look phenomenal, creating a warm and romantic atmosphere. Whether you drink hot coffee, tea or cold drinks, this **mug** is the perfect companion for every moment.

Romantic and original design

The inside of the mug is shaped like a heart, making any coffee or tea look special. **The mug** adds charm to both everyday moments and special occasions. It is not only a vessel, but also an elegant **decoration** that delights everyone.

Double wall for comfort and functionality

Thanks to its **double walls**, the mug perfectly maintains the temperature of the drink - hot or cold - for longer. In addition, it protects your hands from burning, ensuring comfortable use. This practical solution makes **the glass** ideal for both hot drinks and cool desserts.

High quality and temperature resistance

The mug is made of durable borosilicate glass, which can withstand temperatures **from -20°C to 150°C**. Its heat resistance makes it suitable for hot coffees or teas, as well as cool drinks and desserts. It's a durable choice that will last for years to come.

The perfect gift idea

The heart-shaped mug is a unique **gift** for Valentine's Day, Mother's Day, birthdays or other occasions. Aesthetic workmanship and practicality make it a gift that will please everyone. Its minimalist design fits into any interior, adding a note of elegance.
