Information:

The protective mat for an air fryer effectively protects the worktop from high temperatures, scratches and scuffs. Made from thick, durable and eco-friendly felt, it protects delicate surfaces such as wood, glass or marble, helping to preserve their appearance and durability. The universal 30 x 44 cm size fits most air fryer models, and the lightweight, flexible design makes it easy to carry and store. The mat is also easy to clean — simply wipe it with a damp cloth or vacuum it.

Full product description

Reliable Countertop Temperature Protection

A protective mat is **a key piece of equipment for any kitchen** where a greaseless fryer reigns supreme. Made of **thick and durable material**, it effectively insulates the countertop surface from the high temperatures generated by the device. As a result, it minimizes the risk of thermal damage, allowing you to **safely use the fryer** on a variety of countertops, even heat-sensitive ones.

OCHRONNA MATA ANTYPOŚLIZGOWA

Scratch Free Countertop - An Effective Protective Barrier.

The mat is not only a shield against high temperatures, but also **a reliable protection against scratches and abrasions**. The soft but durable texture **prevents unsightly marks** that can appear when moving the fryer. This is especially important for delicate surfaces such as wood, glass and marble, ensuring the aesthetic appearance and longevity of your kitchen.
