Full product description

Ensure peace of mind and complete security of your valuables with the Extralink Home S-406

This home safe equipped with an electronic lock is the ideal solution for storing documents, jewelry, or cash. Made of durable steel and equipped with a state-of-the-art digital cipher, it provides reliable protection in any home or office.

Modern electronic lock

The Extralink Home S-406 safe is equipped with **an electronic lock** that provides a high level of security. The ability to set **a digital code** allows you to open the safe conveniently and quickly, while protecting it from unauthorized access. If necessary, keys for emergency opening of the safe are also included.

Robust design and material

Made of high quality steel, this safe is extremely durable and resistant to damage. **The thick door and armored body** guarantee maximum protection for your valuables. The black color makes the safe elegant and discreet, fitting into any interior.

Easy installation and versatility of use

The Extralink Home S-406 safe is easy to install with the included mounting studs and screws, allowing it to be securely fastened to the wall or floor. Its **compact size** allows it to be placed in a variety of locations in the home or office, providing easy access to stored items.
