Full product description

Extralink Home Set of 4 Soy Scented Candles - The Perfect Gift for Any Occasion

A set of 4 scented soy candles is an excellent choice - elegant, practical and eco-friendly. Made of natural soy wax and packaged in an aesthetically pleasing **box**, these candles are perfect as home decoration, an element of aromatherapy or **a luxurious gift for a loved one**. Each candle is a unique **fragrance** that will bring harmony and a cozy atmosphere to your home.

A natural and ecological choice

The candles are made of **natural soy wax**, which is biodegradable and environmentally friendly. Unlike paraffin candles, they do not emit toxic substances when burning, making them safe for health. This **product** is ideal for those who value quality and care about the environment.

Long-lasting and even burning

Each candle burns for **up to 25 hours**, allowing you to enjoy their scents for a long time. The soy wax melts evenly, so you'll get the most out of your candle without waste. In addition, cotton wicks ensure clean and safe burning.

Wonderful fragrances for every occasion

In a set of 4 soy candles you will find:

- **Lemon** - A refreshing and energizing fragrance that refreshes a space.
- **Lavender** - a relaxing note that promotes stress reduction.
- **Jasmine** - a romantic, floral aroma, perfect for evening moments.
- **Vanilla** - a sweet and warm fragrance that wraps the interior with a cozy atmosphere.

Elegant design and gift packaging

The candles are packaged in an aesthetically pleasing **box**, so they do not require additional packaging - they are ready to be given as a **gift**. The universal and stylish design fits into any interior, making them an ideal decorative addition to the home, office or bedroom.
