Price: **3.99 zł** gross / 3.24 zł net

Manufacturer: EXTRALINK

Referention number: DNXFMLHRERMMKJ

Product features

Material	ABS synthetics
Cable diameter (max)	5 mm
Product colour	Black
Type	Cable hook
Designation	Desk/Wall

Full product description

Extralink I-FISH-U cable holder

The **I-FISH-U cable** clamp is designed for hanging flat FTTH cables and round flexible cables with a diameter of 2-5 mm on tower hooks and building walls. The cable to be fixed must be sufficiently flexible, as it bends with a radius of 15 mm in the clamp. It is best to have a cable with **G.657 fiber**, where losses on such bends are negligible.
