Full product description

Extralink Jump 2 Car Battery Booster: your reliable partner for travel and emergencies!

Do you need a reliable way to start your car with a discharged battery? Are you looking for a device that will not only provide support in crisis moments, but also serve as a powerbank for your mobile devices? The Extralink Jump 2 is a compact solution that combines the functions of a battery starter, powerbank, flashlight and compass to give you confidence and security in any situation.

Advantages of Extralink Jump 2 Car Battery Booster

- **Instant vehicle startup:** Forget the problems of a discharged battery - the Extralink Jump 2 will allow you to start your car quickly and efficiently.
- **Versatile use:** The device serves as a battery booster, powerbank and survival tool.
- **Mobile power:** USB port allows you to charge smartphones, tablets and other mobile devices anywhere.
- **Safety first:** Built-in safety features protect against damage to the battery and the device itself.
- **Tools useful in emergency situations:** LED flashlight, compass increase your chances of survival in crisis moments.
- **Compact and lightweight:** Thanks to its small size and light weight, the device will easily fit in your car glove box or backpack.
- **Reliable and Durable:** High-quality workmanship and solid construction guarantee long-lasting use.
- **Easy to use:** Intuitive interface and clear markings make using the device extremely easy.
- **Ideal travel companion:** With the Extralink Jump 2 you can feel confident and safe in any situation.
- **Attractive price:** You get a multifunctional device at a price that will positively surprise you.

Strength and reliability in the palm of your hand

The Extralink Jump 2 is a powerbank with an impressive 22 Wh capacity that is designed to meet the challenges of a discharged car battery. With a starting current of 300 A and a peak current of 600 A, you'll get your vehicle started in no time, saving you valuable time and nerves. Forget the stress of not being able to start your car - with the Extralink Jump 2, you're sure to get on the road.

Powerbank for your devices

Extralink Jump 2 is not only a starter device for the battery, but also a powerful powerbank. The USB port allows you to charge your smartphone, tablet, GPS navigation and other mobile devices. Whether you're on the go, camping, or just need extra power, the Extralink Jump 2 will provide you with a reliable power source.

Safety and functionality in one

The Extralink Jump 2 is equipped with a number of features that enhance your safety and comfort in a variety of situations. A built-in LED flashlight with flashlight, strobe and SOS modes, as well as a compass, are tools that can prove invaluable in emergency situations, on the road, or during outdoor activities. Smart safety features protect against reverse polarity, overload, overcurrent and high temperature, ensuring safe use of the device.

Compact size, huge capabilities

Despite its powerful performance and rich functionality, the Extralink Jump 2 is surprisingly compact and lightweight. As a result, it will easily fit into a car glove box, backpack, or travel bag, always ready for action. Robust design and high quality workmanship guarantee long-lasting and reliable use.
