Information:

Momcozy M20SSCJ01 Baby Wrap Carrier na cor cinzento-escuro é um porta-bebés ergonómico e respirável para bebés de aprox. 3,2 kg a 16 kg. Proporciona proximidade, conforto e apoio estável, promovendo a posição M natural e o desenvolvimento adequado das ancas e da coluna da criança. O tecido elástico com adição de spandex adapta-se bem ao corpo, e as tiras largas distribuem o peso de forma uniforme, aliviando o cuidador. O ajuste de XXS a XXL faz com que o porta-bebés se adapte a diferentes biotipos, e o sistema simples de colocação, sem amarrações complicadas, facilita o uso diário. A construção leve e compacta, a possibilidade de lavagem na máquina e o armazenamento prático tornam-no uma escolha ideal para pais ativos.

Full product description

Momcozy M20SSCJ01 Baby Wrap Carrier Dark Grey - Ergonomic baby carrier

Momcozy M20SSCJ01 Baby Wrap Carrier Dark Grey is a functional wrap and carrier designed to provide closeness and comfort for both the child and the caregiver from the first weeks of life. This thoughtfully designed **wrap carrier (baby wrap carrier)** makes everyday life easier, allowing you to carry your little one stably while keeping your hands free. The product is a helpful accessory that supports bonding, and its construction recreates the safe environment known to the child from the prenatal period. As a result, the **infant** calms down much faster, which makes it easier to handle everyday household duties.

Breathable premium fabric - Material composition and structure

The key feature that distinguishes this **wrap** is its specialized material structure. The **fabric** consists of 95% polyester and 5% **Spandex**. This combination of materials gives the fabric optimal elasticity while maintaining proper vertical stiffness, which guarantees **stable support** for the body. The dark gray material is practical, gentle on delicate skin, and provides efficient air circulation, reducing the risk of overheating. Its proper stretch makes it easy to wrap precisely around the body, ensuring that **Momcozy carriers** retain their original technical properties for a long time.

Hip development and ergonomic position - Healthy spine for the child

The design of the **Momcozy Baby Wrap Carrier (Momcozy baby wrap carrier)** enforces the physiological frog position, known as the M position. This arrangement supports proper **hip development** and pelvic bones in children aged 0 to 1 year. The wrap helps maintain the little one's **natural spinal curvature**, adapting to the arch of the back without exerting harmful pressure on the vertebrae. Proper distribution of the material helps evenly spread the center of gravity, which secures the stability of the **child's spine** and reduces the load on the lumbar region for the wearer.

Universal size adjustment system - From XXS to XXL

The product design is equipped with a helpful adjustment system based on integrated side rings. This solution allows for smooth management of the circumference range, so the model covers a wide range of sizes from **XXS** to **XXL**. This makes the wrap compatible with different body types, allowing both mother and father to use the carrier easily. Proper implementation of the **fit** system means that the same model accommodates newborns weighing from 7 lbs (about 3.2 kg) and growing children up to 35 lbs (about 16 kg).

OTHER

Easy standard putting on - Support for active parents

Putting on the described **Momcozy** model is simplified in the **Easy** standard, similar to putting on a traditional T-shirt. This system means there is no need to perform complicated and time-consuming wrap tying from scratch. The parent can independently and safely **put on** the structure using one hand, which makes solo use easier. The included clear **instructions** precisely describe the assembly steps. In addition, the wide straps can serve as a privacy cover, allowing discreet breastfeeding without having to completely remove the **infant** from the stabilizer.

Practical design and mobility - Travel-friendly construction

The **Momcozy M20SSCJ01** model is characterized by low weight and compact dimensions when folded, making it a helpful solution for parents with an active lifestyle. Unlike bulky framed carriers, the **dark gray wrap carrier** easily fits into a diaper bag or stroller basket, always being at hand in situations requiring a quick response to the little one's needs. The material is wrinkle-resistant and easy to dry, which, together with the included storage pouch, ensures hygienic transport and readiness for use in varied conditions - from a walk in the park to everyday errands outside the home.
