Full product description

KINGSMITH X218 TREADMILL - Ideal Solution for Your Home Gym

KINGSMITH X218 Treadmill is a modern treadmill that combines a compact design with advanced features. Thanks to the powerful 1.75 HP motor, wide running belt, and practical side handrails, you can enjoy safe and effective training in the comfort of your home.

Speed and Style

High speed and wide running belt

KINGSMITH X218 offers a maximum **speed of up to 18 km/h**, making it an ideal choice for both amateurs and more advanced runners. The wide belt **measuring 140 cm x 51 cm** ensures comfort and safety while running, and its non-slip surface guarantees stability. This allows you to train freely without worrying about losing your balance.

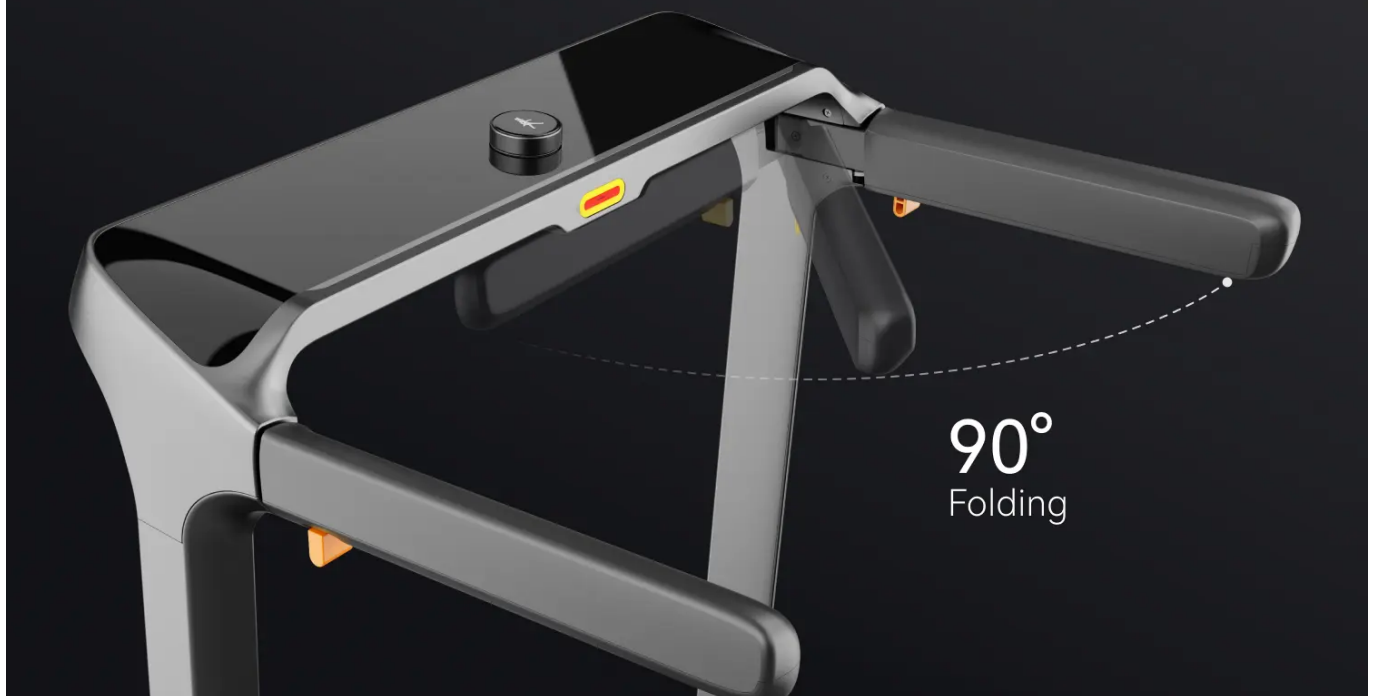

Patented Vertical-Fold

Compact and foldable design

The X218 treadmill stands out with its compact design and vertical folding function, which makes storage much easier. When folded, it takes up very little space, making it an ideal solution for people with limited room. Additionally, it **weighs only 69.5 kg**, so it can be easily moved.

Quick Release Side Handrails

Intuitive control and Bluetooth connectivity

Thanks to the **SpeedDial Knob** and the **K5 Fit** app, you can easily adjust the speed to your needs. The treadmill also connects via Bluetooth, allowing synchronization with Apple Watch, so you can track your results and progress. The integrated LED display on the treadmill provides clear and readable information about time, speed, and distance.
