Information:

Xiaomi Air Fryer 6.5L White EU — это вместительная белая фритюрница без масла объемом 6,5 l, идеально подходящая для ежедневного приготовления пищи для всей семьи. Она позволяет готовить картофель фри, мясо, рыбу, овощи, закуски и выпечку с помощью горячего воздуха, благодаря чему блюда могут быть хрустящими снаружи и мягкими внутри, при этом с меньшим количеством жира. Большая корзина удобна для приготовления больших порций на обед, ужин или встречу с друзьями, а компактный минималистичный корпус хорошо вписывается в современную кухню.

Full product description

Xiaomi Air Fryer 6.5L White EU for everyday cooking

Xiaomi Air Fryer 6.5L White EU, BHR083MEU, MAF-W6501 is a white oil-free fryer with a capacity of 6.5 l, which helps prepare breakfasts, lunches, dinners and snacks with less fat. The large basket makes the appliance a good fit for a family kitchen, as well as for quickly preparing dishes for guests.

Convenient preparation of meats and vegetables

The Xiaomi fryer allows you to prepare grilled chicken, vegetables, fries, fish, snacks and baked goods without the need to use a large amount of oil. Hot air surrounds the ingredients, so dishes can be crispy on the outside and soft on the inside.

Snacks for gatherings and evenings at home

The 6.5 l model will work well during an evening movie, a get-together with friends or a family dinner. The spacious basket helps prepare a larger portion of fries, wings, nuggets or other snacks without heating up the oven and waiting a long time.

Help in preparing lighter meals

Xiaomi Air Fryer 6.5L White EU helps prepare fish, vegetables and meat dishes in a simple way, so it will be a good fit in the kitchen of people who want to limit deep frying. Salmon, asparagus, chicken or potatoes can be prepared conveniently, while maintaining an appetizing texture.

Large capacity for the family

The 6.5 l capacity makes the fryer well suited for preparing larger portions. You can use it for baked chicken, vegetables, potatoes or ready-made snacks, which contributes to more convenient meal planning throughout the day.

White housing that fits the kitchen

The light, minimalist form of the device blends well with many kitchen arrangements. The fryer can stand on the countertop and be at hand when you want to quickly prepare lunch, dinner or a hot snack without using several dishes.

More possibilities than fries

The Xiaomi oil-free fryer offers a wide range of uses in everyday cooking. In addition to classic fries, you can prepare mini pizzas, baked vegetables, meat, fish, toast and other snacks that work well for shared meals.

Also for sweet baked goods

Xiaomi Air Fryer 6.5L White EU can also help with preparing desserts and homemade baked goods. Cookies, small snacks and sweet additions can be made without turning on a large oven, making the device a practical kitchen helper for everyday use.
